Re: Property: 1772 W Julieann Ave Borrower: Jennifer Silva Internal File No.: 091816P

In accordance with your request I have performed the appraisal on 1772 W Julieann Ave Porterville, CA 93257.

The report consists of the General Purpose Residential Appraisal Summary Report Form, a three page form that uses a combination of check lists and fill-ins supplemented by a comparable sales location map, plat map, flood map, and photographs of the subject and comparable sales used in this analysis.

The report consists of 14 pages including this page and ending with the Flood map. This report is best understood by an examination of all pages of this report. If any pages of the report is missing; the report is to be considered null & void.

The Intended User of this appraisal report is the client and her attorney. The Intended use is to evaluate the property that is the subject of this appraisal for a value estimate, subject to the stated Scope of Work, purpose of the appraisal, reporting requirements of this appraisal report form, and Definition of Market Value. No additional Intended Users are identified by the appraiser.

The purpose of this appraisal is to produce a credible opinion of the market value of the property as improved as a real property unencumbered by liens.

This report was developed for market value only; it is not intended for insurance purposes.

The use of this report for any other purposes without the written permission of the appraiser is prohibited. For a detailed legal description of the property and the recorded easements on record, refer to the preliminary title report.

In my opinion, the estimated value of the subject as of September 25, 2018 is \$248,000.

It has been a pleasure to assist you, and if I may be of further service, please do not hesitate in calling.

Sincerely,

Edward Savery AL035413

THIS APPRAISAL REPORT IS NOT AN ENGINEERING OR PROPERTY INSPECTION REPORT - Structural Problems May Be Present - The User of this report should understand that purchasing a home entails a certain amount of risk. Properties may have latent problems that are concealed or otherwise not detectable at the time of the sale or at the time it is appraised. Many properties have hidden problems or may develop structural problems after the sale, The appraisal should not be considered a report on the physical items that are a part of this property. Although the appraisal may contain information about the physical items being appraised (including their adequacy and/or condition), it should be clearly understood that this information is only used as a general guide for property valuation and is not intended to be used to evaluate the condition or adequacy of the subject property. The observed condition of the foundation, roof, exterior walls, interior walls, floors, heating systems, plumbing, insulation, electrical service and all mechanicals and construction is based on casual inspection only and no detailed inspection was made. The appraiser is not acting as a professional engineer; builder, surveyor or other inspector and qualified professionals should be consulted if there are any questions as to the condition or structural integrity of the subject property.

Comparable sales information is obtained through the local multiple listing services, local brokers, public records, Data Express, and other sources. All comparables are considered including those in competing areas which offer similar amenities to the subject property with only the most similar being used.

All sales have been reported to the appraiser as being closed. All adjustments made or omitted reflect the indicated current market trends within the subject neighborhood.

The sales comparison analysis approach is considered the most reliable indicator of value as it best reflects the actions of buyers and sellers of similar properties in the market.

The land to improvement ratio is typical to this market area.

Items such as portable spas, drapes, and other such amenities are typically considered to be personal property. These and other items of personal property may or may not have been noted and were not considered in this appraisal nor were they given any value in the final reconcillation of the report.

An exterior visual inspection was conducted of the roof. At the time of the inspection the roof appeared to be in satisfactory condition. In addition, an interior inspection was conducted to determine if any evidence of possible leakage existed: none was found.

The appraiser is not qualified to determine the roof condition. The client's discretion is recommended as to the necessity for a professional inspection.

- 1.04. Valuation of collateral and lien avoidance requires a separate motion. The confirmation of this plan will not limit the amount of a secured claim based on a valuation of the collateral for the claim, nor will it avoid a security interest or lien. This relief requires a separate claim objection, valuation motion, or lien avoidance motion that is successfully prosecuted in connection with the confirmation of this plan.
- 1.05. Separate notice of confirmation hearing. You will receive a separate notice of the date, time, and location of a hearing to confirm this plan and of the deadline to object to its confirmation. In the absence of a timely written objection, the plan may be confirmed without a hearing. It will be effective upon its confirmation.

Section 2. Plan Payments and Plan Duration

- 2.01 Monthly plan payments. To complete this plan, Debtor shall submit to the supervision and control of Trustee on a monthly basis the sum of $\frac{1,487.00}{1,487.00}$ from future earnings. This monthly plan payment is subject to adjustment pursuant to section 3.07(b)(2) below and it must be received by Trustee not later than the 25th day of each month beginning the month after the order for relief under chapter 13. The monthly plan payment includes all adequate protection payments due on Class 2 secured claims.
- 2.02. Other payments. In addition to the submission of future earnings, Debtor will make payment(s) derived from property of the bankruptcy estate, property of Debtor, or from other sources, as follows: NONE.
- Duration of payments. The monthly plan payments will continue for 60 months unless all allowed unsecured 2.03. claims are paid in full within a shorter period of time. If necessary to complete the plan, monthly payments may continue for an additional 6 months, but in no event shall monthly payments continue for more than 60 months.

Section 3. Claims and Expenses

A. Proofs of Claim

- 3.01. With the exception of the payments required by sections 3.03, 3.07(b), 3.10, and 4.01, a claim will not be paid pursuant to this plan unless a proof of claim is filed by or on behalf of a creditor, including a secured creditor.
- 3.02. The proof of claim, not this plan or the schedules, shall determine the amount and classification of a claim unless the court's disposition of a claim objection, valuation motion, or lien avoidance motion affects the amount or classification of the claim.

3.03. Post-petition amounts due on account of a domestic support obligation, a loan from retirement or thrift savings plan, or an executory contract/unexpired lease being assumed, shall be paid by Debtor directly to the person entitled to such payments whether or not the plan is confirmed or a proof of claim has been filed.

B. Administrative Expenses

- **3.04. Trustee's fees.** Pursuant to 28 U.S.C. § 586(e), Trustee shall receive up to 10% of plan payments, whether made before or after confirmation, but excluding direct payments by Debtor on Class 4 claims, executory contracts and unexpired leases, and obligations of the kind described in section 3.03.
- 3.05. **Debtor's attorney's fees.** Debtor's attorney of record was paid \$ 1,000.00 prior to the filing of the case. Subject to prior court approval, additional fees of \$ 3,000.00 shall be paid through this plan. Debtors' attorney will seek the court's approval by [choose one]: complying with Local Bankruptcy Rule 2016-1(c); or filing and serving a motion in accordance with 11 U.S.C. §§ 329 and 330, Fed. R. Bankr. P. 2002, 2016, and 2017 [if neither alternative is selected, the attorney shall comply with the latter].
- **3.06.** Administrative expenses. In accordance with sections 5.02 and 5.03 below, \$300.00 of each monthly plan payment shall be paid on account of: (a) compensation due a former chapter 7 trustee; (b) approved administrative expenses; and (c) approved attorney's fees. Approved administrative expenses shall be paid in full through this plan except to the extent a claimant agrees otherwise or 11 U.S.C. § 1326(b)(3)(B) is applicable.

C. Secured Claims

- 3.07. Class 1 includes all delinquent secured claims that mature after the completion of this plan, including those secured by Debtor's principal residence.
 - (a) Cure of arrears. All arrears on Class 1 claims shall be paid in full by Trustee. The equal monthly installment specified in the table below as the "arrearage dividend" shall pay the arrears in full.
 - (1) Unless otherwise specified below, interest will accrue at the rate of 0%.
 - (2) The arrearage dividend must be applied by the Class I creditor to the arrears. If this plan provides for interest on the arrears, the arrearage dividend shall be applied first to such interest, then to the arrears.
 - (b) Maintaining payments. Trustee shall maintain all post-petition monthly payments to the holder of each Class 1 claim whether or not this plan is confirmed or a proof of claim is filed.
 - (1) Unless subpart (b)(1)(A) or (B) of this section is applicable, the amount of a post-petition monthly payment shall be the amount specified in this plan.
 - (A) If the amount specified in the plan is incorrect, the Class 1 creditor may demand the correct amount in its proof of claim. Unless and until an objection to such proof of claim is sustained, the trustee shall pay the payment amount demanded in the proof of claim.
 - **(B)** Whenever the post-petition monthly payment is adjusted in accordance with the underlying loan documentation, including changes resulting from an interest rate or escrow account adjustment, the Class 1 creditor shall give notice of the payment change pursuant to Fed. R. Bankr. P. 3002.1(b). Notice of the change shall not be given by including the change in a proof of claim. Unless and until an objection to a notice of payment change is sustained, the trustee shall pay the amount demanded in the notice of payment change.
 - (2) If a Class 1 creditor files a proof of claim or a notice of payment change pursuant to Fed. R. Bankr. P. 3002.1(b) demanding a higher or lower post-petition monthly payment, the plan payment shall be adjusted accordingly.
 - (3) If Debtor makes a partial plan payment that is insufficient to satisfy all post-petition monthly payments due each Class 1 claim, distributions will be made in the order such claims are listed below.

- (4) Trustee will not make a partial distribution on account of a post-petition monthly payment.
- (5) If Debtor makes a partial plan payment, or if it is not paid on time, and Trustee is unable to make timely a post-petition monthly payment, Debtor's cure of this default shall include any late charge.
- (6) If the holder of a Class 1 claim gives Debtor and Trustee notice of post-petition fees, expenses, and charges pursuant to Fed. R. Bankr. P. 3002.1(c), Debtor shall modify this plan if Debtor wishes to provide for such fees, expenses, and charges.
- (7) Post-petition monthly payments made by Trustee and received by the holder of a Class 1 claim shall be applied as if the claim was current and no arrearage existed on the date the case was filed.
- (c) No claim modification and lien retention. Each Class 1 creditor shall retain its lien. Other than to cure of arrears, this plan does not modify Class 1 claims.

 - (a) Payment of claim. Subject to section 3.08(c), the "monthly dividend" payable to each Class 2A and 2B claim is an equal monthly payment sufficient to pay each claim in full with interest at the rate specified below. If no interest rate is specified, a 5% rate will be imputed.
 - (b) Adequate protection payments. Prior to confirmation, Trustee shall pay on account of each Class 2(A) and 2(B) claim secured by a purchase money security interest in personal property an adequate protection payment if required by section 1326(a)(1)(C). The adequate protection payment shall equal the monthly dividend. Adequate protection payments shall be disbursed by Trustee in connection with the customary month-end disbursement cycle beginning the month after the case was filed. If a Class 2 claimant is paid an adequate protection payment, that claimant shall not be paid a monthly dividend for the same month.
 - (c) Claim amount. The amount of a Class 2 claim is determined by applicable nonbankruptcy law. However, except as noted below, Debtor may reduce the claim amount to the value of the collateral securing it by filing, serving, setting for hearing, and prevailing on a motion to determine the value of that collateral. If this plan proposes to reduce a claim based upon the value of its collateral, the failure to successfully prosecute a valuation motion in conjunction with plan confirmation may result in the denial of confirmation.
 - (1) Class 2 claims that cannot be reduced based on value of collateral. Debtor is prohibited from reducing a claim if the claim holder has a purchase money security interest and the claim either was incurred within 910 days of the filing of the case and is secured by a motor vehicle acquired for the personal use of Debtor, or was incurred within 1-year of the filing of the case and is secured by any other thing of value. These claims must be included in Class 2(A).
 - (2) Class 2 claims that may be reduced based on the value of their collateral shall be included in Class 2(B) or 2(C) as is appropriate.
 - (3) Class 2 claims secured by Debtor's principal residence. Except as permitted by 11 U.S.C. § 1322(c), Debtor is prohibited from modifying the rights of a holder of a claim secured only by Debtor's principal residence.
 - (d) Lien retention. Each Class 2 creditor shall retain its existing lien until completion of the plan and, unless not required by Bankruptcy Court, entry of Debtor's discharge.

- (b) Secured claims not listed as Class 1, 2, 3, or 4 claims are not provided for by this plan. While this may be cause to terminate the automatic stay, such relief must be separately requested by the claim holder.
- (c) If, after confirmation of the plan, the court grants a motion to terminate the automatic stay to permit a Class 1 or 2 claim holder to proceed against its collateral, unless the court orders otherwise, Trustee shall make no further payments on account of such claim and any portion of such claim not previously satisfied under this plan shall be satisfied as a Class 3 claim. If the amount paid by Debtor is insufficient to pay all dividends due on account of fees, payments, expenses, and claims within a subpart of section 5.02(a), no dividend shall be paid on account of any of the fees, payments, expenses, and claims within such subpart except as permitted by section 3.07(b)(3).
